

Off Bench Activities C Solemnization of Marriages - Fees

Directive #4-65
Issued by:

October 3, 1965
Edward D. McConnell
Administrative Director

The Supreme Court has requested me to advise all magistrates and judges that it considers it to be highly improper for them to accept a fee or gratuity for performing a marriage ceremony. The Supreme Court also is of the view that court clerks and other court employees may not accept a fee or gratuity in connection therewith.
